OVERVIEW

Web Developer with 5 years of experience in the development of innovative static and dynamic websites using current W3C standards of coding. Additional experience in the use of content management systems to allow clients to update content on their websites. Very strong organizational, presentational, and communication skills to help plan out and pitch different web user interface styles that suited the client's needs.

EXPERIENCE

RoomRoster Inc, London, ON — Software Developer

March 2016 - PRESENT

Help maintain and improve company software that caters to in-house staff, sport event organizers, and sport team managers/players. Heavy focus on both user experience and site optimization.

Arcane, London, ON — Web Developer

August 2014 - March 2016

Worked heavily with clients to build interesting websites with quality UX quickly and competently. Handled client expectations while also working within a team of developers with varying skills. Focus varied on a client basis between user experience, site optimization, and content management.

EDUCATION

Fanshawe College, London, ON — Visual Effects and Editing for Contemporary Media

September 2013 - April 2014

Fanshawe College, London, ON — Interactive Media Design and Production

September 2011 - April 2013
